

Easter egg paper cover

1/ cut out one cover from the page

2/ fold it carefully in half following the dashed line and cut all the full lines

3/ open the cut out cover and turn around so the visible part has no prints on it

4/ place the cover around the egg vertical axis, hold it with one hand and close down with the other hand (points A to points B)

5/ the eggs with paper cover can stand on its own on the table or can be placed in a bowl with other easter eggs
